

Evidently the agency, when speaking to the  
OIG investigators and Congressional offices forgot that  
Elizabeth "Liz" Jozwak was still preparing the EIS work after  
her transfer to Tucson and "removal" from the team.

## 5 LIST OF PREPARERS

This EIS was prepared by the staff of the U.S. Fish and Wildlife Service's Mexican Wolf Recovery Program, Ecological Services Southwest Regional Office, and Division of Economics, with assistance from CJ Seto Support Services, LLC. In accordance with 40 CFR 1506.5(c) a disclosure statement signed by CJ Seto Support Services, LLC is provided as Appendix F. A list of the persons who were primarily responsible for the preparation for this EIS and their qualifications is available upon written request from:

Sherry Barrett, Mexican Wolf Recovery Coordinator  
US Fish and Wildlife Service  
New Mexico Ecological Services Field Office  
2105 Osuna NE  
Albuquerque, NM 87113

**Sherry Barrett** – Mexican Wolf Recovery Coordinator, Mexican Wolf Recovery Program, U.S. Fish and Wildlife Service. B.S., Biology, Northern Arizona University, 1981. M.S. Zoology, Arizona State University, 1984. Nine years experience as a Biologist for the Bureau of Reclamation in Arizona working on NEPA document preparation and implementation and endangered species issues; 24 years experience with the Fish and Wildlife Service working on endangered species conservation issues including multi-species, landscape-level habitat conservation plans focused on the desert tortoise in Clark County, Nevada; the California gnatcatcher in San Diego County, California; and the cactus ferruginous pygmy-owl in Pima County, Arizona; and conservation of the Mexican wolf in Arizona and New Mexico.

**Vanessa Burge** – Fish and Wildlife Biologist, Branch of Environmental Review, Division of Ecological Services, U.S. Fish and Wildlife Service. B.S., Environmental Science, New Mexico State University, 2004. Thirteen years of experience with the U.S. Fish and Wildlife Service specializing in the protection of Service trust resources and the National Environmental Policy Act. Seven years of experience in habitat conservation planning, safe harbor agreements, and candidate conservation agreements and related policy. Three years experience in NEPA project management.

**Maggie Dwire** – Assistant Mexican Wolf Recovery Coordinator, Mexican Wolf Recovery Program, Fish and Wildlife Service. B.A. Biological Anthropology, University of California, San Diego, 2000. Sixteen years of experience in management of wolves and social issues associated with wolves. Fourteen years experience with the U.S. Fish and Wildlife Service as a technician, biologist, and Assistant Mexican Wolf Recovery Coordinator. Serves as the U.S. Fish and Wildlife Service's liaison to the Mexican Wolf Species Survival Plan management group.

**Colby Gardner** – Wildlife Biologist and GIS Specialist, Mexican Wolf Recovery Program, Fish and Wildlife Service. B.A., Biology, University of Virginia, 1997. Twelve years of experience in management of wolves and social issues associated with wolves. Ten years of experience utilizing GIS to analyze spatial data associated with Mexican wolves.

**Elizabeth Jozwiak** – Wildlife Biologist, Mexican Wolf Recovery Program, U.S. Fish and Wildlife Service. B.S., Zoology, University of Wisconsin, 1985. M.S., Fishery and Wildlife Biology, Colorado State University, 1997. Twenty-six years of experience with the U.S. Fish and Wildlife Service specializing in the management of wolves, other large carnivores, and birds of prey. Two and a half years of experience as the Mexican Wolf Field Projects Coordinator.

**Edward Maillett** – Senior Economist, U.S. Fish and Wildlife Service. B.A, Economics, Gettysburg College. M.A., Economics, University of New Hampshire. Ten years in private practice providing environmental and transportation economic consultancy. Fourteen years experience with the U.S. Fish and Wildlife Service specializing in economic analyses related to endangered species issues, natural resource damages, land-use planning, and ecosystem services.

**Brady McGee** – Chief, Branch of Recovery and Restoration, U.S. Fish and Wildlife Service, Southwest Regional Office. B.A. in Biology and B.S. in Zoology, University of Texas at Austin, 1996. M.S. in Wildlife Biology, Texas State University, 1999. Ph.D. in Wildlife Science, Texas Tech University, 2005. Fourteen years experience with the U.S. Fish and Wildlife Service working on endangered species conservation.

**Tracy Melbhiess** – Listing, Recovery, and NEPA Coordinator, Mexican Wolf Recovery Program, U.S. Fish and Wildlife Service. B.A., Environmental Studies, Gettysburg College, 1996. M.E.M., Conservation Biology/Policy, Yale University, 2001. Eleven years of experience with the U.S. Fish and Wildlife Service, specializing in endangered species recovery programs and policy. Three years of experience in species classification and listing, with programmatic emphasis on the Mexican wolf. Two years experience in NEPA project management.

**John Oakleaf** – Mexican Wolf Field Projects Coordinator, Mexican Wolf Recovery Program, U.S. Fish and Wildlife Service. B.S., Wildlife and Fisheries Biology and Management, University of Wyoming, 1996. M.S., Wildlife Resources, University of Idaho, 2002. Eighteen years of experience in management of wolves and social issues associated with wolves and other large carnivores. Author or co-author of eight peer reviewed articles on the biology of wolves. Five years of experience with NEPA project management.

**Jonathan Olson** – Consultant, Senior Environmental Planner, CJ Seto Support Services, LLC. B.A., Political Science and Development Studies (International Relations), University of California, Berkeley, 1980. M.A., National Security and Strategic Studies, United States Naval War College, 1993. Professional Certificate in Natural Resource Management, University of California, San Diego Extension, 2001. Thirty-two years of project management experience. Eleven years of experience providing NEPA consultation, range sustainment support, and environmental planning services to federal agencies including the U.S. Navy, U.S. Army, Department of Veterans Affairs and the U.S. Fish and Wildlife Service.

**Iris Ponsano** – Economist, Division of Economics, U.S. Fish and Wildlife Service. B.A., Economics, minor in Mathematics, California State University, Chico, 2004. Eight years experience in natural resource economics including 2 years experience with NEPA and Environmental Justice. Presented in the 2014 National Environmental Justice Conference and Training Program on environmental justice compliance within the NEPA process for federally recognized tribes.

**Sarah Rinkevich** – Senior Fish and Wildlife Biologist, Branch of Recovery and Restoration, Endangered Species Division, U.S. Fish and Wildlife Service. B.S., Wildlife Conservation and Management, University of Arizona, 1987. M.S., Humboldt State University, 1991. Ph.D., Wildlife Conservation, University of Arizona, School of Natural Resources and the Environment, 2012. Twenty-one years of experience with the U.S. Fish and Wildlife Service specializing in endangered species conservation and endangered species conservation and management issues on tribal lands. Serves as the Native American Tribal Liaison for the Glen Canyon Dam Adaptive Management Work Group reporting directly to the Assistant Secretary of Interior for Water and Science.

**Gary Ryan** – Consultant, CJ Seto Support Services, LLC. B.A., Forest Management, Utah State University, 1969. M.S., Forest Ecology, Washington State University, 1984. Twenty nine years of experience with the Bureau of Land Management. Managed planning and NEPA projects at the field office level and at Headquarters Office in Washington D.C. Eight years experience providing NEPA consultation, range sustainment support and environmental planning services to federal agencies including the U.S. Navy and the U.S. Fish and Wildlife Service.

**Trevor Smith** – Consultant, CJ Seto Support Services, LLC. B.S., Biological Sciences; Fish and Wildlife Management Option, Montana State University, 2002. Volunteer with U.S. Fish and Wildlife Service's Mexican Wolf Recovery Program for 3 years and Biological Science technician, spring of 2012.

Volunteer group leader for Raptor Rehabilitation at Montana Raptor Conservation Center (6 years). Two years experience providing NEPA consultation and environmental planning services to the U.S. Fish and Wildlife Service.
